Tobacco Commission Grant - Three Brothers Distillery 6.03

County Administrator Jones stated that he is asking the Board to approve matching funds for the Three Brothers Distillery Access Road. At its January 8, 2019 meeting, the Tobacco Region Revitalization Commission approved a grant in the amount of \$6,250.00.

An Agriculture and Forestry Industries Development (AFID) grant in the amount of \$12,500.00 is pending from the Department of Agriculture and Consumer Services.

The County grant will only be executed on the approval of the AFID grant and the confirmation of any additional funding from Three Brothers Distillery to complete the access road.

There was brief discussion of the issue of the easement to the property.

There was discussion of the repayment of funds based on Three Brothers Distillery completion of project.

There was discussion regarding how the County would determine who or what criteria would be utilized to determine funding for a matching grant without a policy in place. After some discussion, it was decided that the County would develop a policy for future projects for the Board to review and consider; however, it would not affect this project.

ON MOTION OF SUPERVISOR TYLER, seconded by SUPERVISOR STRINGFIELD and carried: RESOLVED that the Sussex County Board of Supervisors hereby approves matching funds in the amount of \$6,250.00 for reimbursement for the Three Brothers Whiskey Distillery Access Road with funding coming from the designated line item for matching funds for grants contingent upon the County developing a policy to determine who or what criteria will be utilized to award funding for a matching grant for consideration at the next Board meeting.

6.04 Appropriation of Funds for Animal Shelter Slab and Shed - \$7,250.00

This item was moved from the Consent Agenda, Item 2.04, to Action Items.

County Administration Jones stated that the County had issues with the original/former shelter at the County's current facility. One of things considered by the Board was to demolish the structure.

After the structure was demolished, a slab was left in place in which Animal Services planned to add runs with a shed-like covering over it. County Administrator Jones stated that there is \$20,000.00 in the Capital Improvement Plan (CIP) to complete this project. However, it was realized that the slab sat in a bowl. Whenever it rained, the site would flood. Therefore, it wouldn't be appropriate to do construction on the existing slab.

Over time, the County contracted with Summit Engineering to do the evaluation of the site and the design of what was needed in ordered to install the runs to have the proper drainage away from the facility. After this was completed, the resulting specifications for work was done by Summit Engineering and put out for bid. There were no responses received from the Invitation for Bids. It was put out for bid a second time wherein a bid was received from E. C. Renner Concrete, LLC in the amount of \$21,450.00.

The project for the \$21,450.00 includes the filling of the system that was there, basically an open well collection site, for the waste system of that animal shelter (and the appropriate grading), the four (4) runs to go on the slab, as well as the structure to cover the runs for a raised concrete slab at the site of the former animal shelter. After payment for engineering services and the bid process, \$14,200.00 of the \$20,000.00 allocation remains in the CIP. The difference of \$7,250.00 is what is needed for the completion of the project.

ON MOTION OF SUPERVISOR FUTRELL, seconded by SUPERVISOR BLOWE and carried: RESOLVED that the Sussex County Board of Supervisors hereby appropriates \$7,250.00 from the Administration Department Budget General Fund (-100) to the Capital Fund (-302) to complete the Animal Shelter Slab and Shed project.

9.01 Referendum Meals Tax

County Administrator Jones stated that this item had been tabled from the last Board meeting. Vice Chairman Blowe requested that the Board of Supervisors to direct staff to begin the process to hold a referendum at the November 2019 General Election. The referendum would be in regards to establishing a meals tax in Sussex County. The tax will not apply to towns unless the towns provide that the county tax will apply within the limits of the town.

Vice Chairman Blowe stated that the Board was only voting to move forward so that the citizens can vote on the matter in the November 2019 election.

A motion was made by Supervisor Blowe, seconded by Supervisor Stringfield to direct staff to proceed with the process of preparing the meals tax for the November 2019 Election Referendum.

After some discussion by Supervisor Fly, Supervisor Stringfield withdrew his "second" on the motion.

Vice Chairman Blowe called "Point of Order". Further discussion was held.

Chairman Seward asked if the "second" could be withdrawn. Attorney Brittle stated that he believed the "second" could be withdrawn. Attorney Brittle explained that the second puts forth

that they are not necessarily for the motion, but that they want it to be discussed; however, he would confirm it.

While Attorney Brittle was researching the matter, Supervisor Tyler made the motion to table the matter until the next meeting, the BOS March 21, 2019 regular meeting.

Chairman Seward stated that tabling an item was undebatable.

Vice Chairman Blowe called "Point of Order" again. He went on to discuss the matter of rules and items.

Chairman Seward stated that Attorney Brittle was still confirming if the second could be withdrawn from the initial motion.

Supervisor Stringfield apologized to the Board and citizens and stated that he wanted to support Supervisor Blowe on this matter.

After Mr. Stringfield made this statement. Attorney Brittle stated that it moots the point. Attorney Brittle stated that the second is still on the table, the discussion stands. Mr. Brittle also stated that Supervisor Tyler had a motion to table...whether it still stands or is proper.

After discussion, it was confirmed that the vote was for staff to move forward with preparation to place item on the November 2019 Election referendum with no specifics. There was discussion that the meals tax rate had to be determined 81 days prior to the election, but not on the vote being held at the February 21, 2019 meeting.

Supervisor Tyler withdrew his motion to table the item.

The original motion was back on the floor.

Vice Chairman Blowe clarified that the motion is to allow staff to start the process. A part of the process will be for the staff to get everything in order, to include the specific wording, along with a recommendation for a rate to bring back to the Board, and identify what funds will be used. Vice Chairman Blowe stated that the intent is to allow them enough time to do the necessary work and still meet the 81 days requirement.

A copy of the Analysis of Potential County Meals Tax Using Taxable Sales from Food and Drinking Establishments was included in the Board packet.

ON MOTION OF SUPERVISOR BLOWE, seconded by SUPERVISOR STRINGFIELD and carried: RESOLVED that the Sussex County Board of Supervisors hereby directs staff to proceed with the process of preparing the meals tax for the November 2019 Election Referendum.

Supervisor Tyler noted that there was discussion among other Board members in regards to an increase in Board compensation. He stated that it didn't matter to him one way or the other.

Supervisor Seward wasn't comfortable with giving a raise to themselves. She didn't take the job for the money.

Item 6a. Review of Personnel Policy

There was discussion of the Personnel Policy and employee evaluation forms in regards to standardizing employment procedures and accountability on both, the employee and the County.

Employees would be evaluated on the anniversary date of their hire. This form would be used for disciplinary action for under-performing employees as well as utilized to reward employees as far as a merit increases based on performance of employees who went above and beyond their duty, in addition to the Cost of Living Adjustment.

There was general discussion on the two types of evaluations: Cost of Living Adjustment (COLA) in which any and all employees were entitled and Merit Increase based on performance.

There was discussion that the evaluation forms should be adapted and tailored to the particular occupation being performed such as the Finance Department form would be different from the Animal Control Department in regards to merit increases based on performance. It was noted that a generic evaluation form may not be conducive and may result in an employee challenging an evaluation for a merit increase.

It was noted that the Board would only evaluate the County Administrator. The County Administrator would evaluate his direct report employees. Other employees would be evaluated by their direct Supervisor. However, the evaluation form and the criteria could be evaluated by the Board of Supervisors.

There were discussions of professional development and the effect on the budget.

There was discussion that previously the County hired Springsted to do an evaluation of the County. Step increases were put in place. The merit increase was reviewed but not adopted. For merit increases, the County determined a set amount of money. The County Administrator assigned/divided the money between departments, excluding Constitutional Officers. Then, the Department Heads/Supervisor would evaluate their employees and determine who would or would not get the merit increase in their department.

There was also discussion of the evaluation process that had been in place previously but was no longer in use. The only documentation found was an evaluation form and a copy of the Springsted study of the grades and steps. It was noted that the former county attorney drafted a document to be distributed to everyone. However, the draft document was never revisited.

There was concern on reducing the liability of County employees to include community workers under the County's umbrella. There is currently language in the Personnel Policy regarding drug testing; however, it needs to be amended. There was discussion of drug testing of new hires, as well as random drug testing employees driving County vehicles. There was also discussion of upfront drug testing and criminal background checks for new hires.

There was discussion that the County should consider having mental health counseling in place. It was noted that mental health services are available through the County's health benefits offered to employees. County Administrator Jones stated that he would consult with the County Attorney regarding liability issues in different scenarios and explore information on providing further service.

There was discussion of all Board members receiving a copy of the Personnel Policy to review changes that have been made and make any comments and/or suggestions. It was noted that any changes would be reviewed by the County Attorney.

It was noted that a section on Telecommuting - Working from Home needed to be added to the Personnel Policy. There was discussion of developing the criteria in order to be allowed to work from home.

It was suggested to send the Personnel Policy to an attorney/professional service to review, edit and return to the Board.

It was decided that the Personnel Committee would review the Personnel Policy and provide edits and comments so that any changes could be brought to the Board of Supervisors regular meeting in April.

The Personnel Committee scheduled another meeting to review and make changes on Monday, March 18, 2019 at 1:00 p.m. The location is to be determined.

Item 7. Citizens' Comments

There were no citizens' comments.

Item 7a. Closed Session

<u>Item 4. Agenda Amendments</u>

There were no agenda amendments.

Item 5. Approval of Agenda

The agenda was approved by general consensus.

Item 6, Berkley Group

County Administrator Jones stated that the Special Joint Work Session of the Sussex County Board of Supervisors and the Planning Commission was to have the Berkley Group provide an overview of the County's Comprehensive Plan and ordinance update process in regards to utility-scale solar facilities.

The Berkley Group would review the items on the agenda. After review of the information, at the next regular Board of Supervisor meeting on Thursday, March 21, 2019, the Board will schedule a Joint Public Hearing with the Planning Commission for Monday, April 1, 2019 in regards to the Comprehensive Plan and Zoning Ordinance.

Item 6a./6b. Overview of Comprehensive Plan and Ordinance Update Process

Mr. Darren Coffey and Ms. Denise Nelson, of the Berkley Group, were present. Mr. Coffey stated that the Berkley Group wanted to receive some direction.

Mr. Coffey stated that utility-solar scale facilities are land use. They are a little unique from other land use. From the standpoint of regulations, planning and zoning, they are used like any other use. Mr. Coffey discussed measuring how an application is good or bad. He stated the County's primary tools are the Comprehensive Plan and the Zoning Ordinance. The Planning Commission makes the recommendation to the Board of Supervisors. The Board of Supervisors' tools are the Planning Commission's recommendation and the Comprehensive Plan and Zoning Ordinance.

Mr. Coffey stated that it's the Berkley Group job to bring greater clarity, in their professional opinion, based on this type of a land use, they think the County should think about these types of things in amending the Comprehensive Plan to include these things and Zoning Ordinance to include these things. They are looking for feedback so that things can be improved so the guidance can be provided.

Supervisor Tyler departed at 3:30 p.m.

Item 6c. The Growing Solar Industry

Mr. Coffey stated that solar facilities started coming to the forefront approximately two (2) years ago—50 acres, 80 acres, 150 acres and 300 acres. The acres have increased in the past year.

Mr. Coffey noted Sappony application had been processed and is operational. He noted the projects that were looking.

He stated that the Permit by Rule (PBR) process by Department of Environmental Quality (DEQ) does provide some rule. The local government must certify compliance with land use ordinance. Virginia Code Section 15.2-2232 states that the local Planning Commission must review public utility facilities. Any public utility is regulated as a public facility and it's required to be found

substantially in accord with the Comprehensive Plan in order for an application to be received. It's referred to as 2232 Review. If it's not found to be substantially in accord, then there is no Use Permit to be processed. If it is found substantially in accord, then that's one screen that the application passes. On the surface, if the application is substantially in accord with the Comprehensive Plan, it doesn't mean that the Use Permit has to be approved.

Mr. Coffey stated that the location, character, and extent isn't currently substantially in accord with the Comprehensive Plan because there isn't anything about the location, character and extent in the current Comprehensive Plan. He stated that one (1) application has been submitted and found to be in conformance. It was done as part of the Use Permit process. They would recommend that it would be broken out and done, first, separately.

He stated that a Vision Statement is important to know where you are. There are certain things buffers, screenings, and setback will be discussed. The key is are they acceptable. If they're acceptable, how should they look, feel, and where should they be located geographically.

The County is intent upon protecting its forest resources, agricultural lands, and natural environment systems.

Land Use is 90% agriculture/forestry; 5% residential; and 5% commercial, industrial, and public. Agricultural/forestry land contain areas of environmental concern and importance. Agricultural and Forested lands is 90% of the County. Want to preserve commercial and industrial jobs.

This land use is no impact, no emission, very low or no noise; however, there are not a lot of jobs. Community Appearance is that it's a sound and attractive land use, aesthetically pleasing which are things in the Comprehensive Plan that are issues.

The Comprehensive Plan includes growth consistent with rural image and character.

He reviewed protecting areas of environment concern; minimize direct or secondary environment impacts and development forestry, agriculture and related industry and protect the beauty of landscape.

Things are in the Comprehensive Plan that become more of an issue and should be considered the potential impact of a development or a proposed ordinance amendment on the natural environment, important natural resources, neighboring development and community function, character and attractiveness.

The Zoning Ordinance's purpose is to facilitate the creation of a convenient, attractive, and harmonious community; to protect against destruction of or encroachment upon historic areas; to encourage economic development activities that provide desirable employment and enlarge the tax base; and, to provide for the preservation of agricultural and forest lands.

Districts allow utility generation, with a Conditional Use Permit (CUP) are A-1, R-R, R-E, I-1 and I-2. Minimum area and setbacks were included in the handout.

Mr. Coffey stated the Comprehensive Plan is the County's policy document and guide. There's no legal authority behind it; but if you're in conformance with your Comprehensive Plan and go to Court, you're going to win. If you're not in conformance with the Comprehensive Plan, you're going to lose.

The Zoning Ordinance is a regular court document. It is laws and an ordinance.

Ms. Denise Nelson stated that the Berkley Group looked at what was done around Virginia and the neighboring states and considered the notes during the last meeting and came with a first recommendation to be discussed/debated.

Ms. Nelson stated that the Comprehensive Plan and the Zoning Ordinance go hand in hand. She stated the recommendation was written in a way parallel to how the other ideas are addressed.

She looked at the amount of detail, the specificity of numbers, sizes, and acreage and tried to make it blend in with the comprehensive nature the Comp Plan.

In the Comp Plan, their main recommendation is Chapter II: Concerns and Aspirations where some land uses, 22, are specifically called out. They thought it was the best way to make a statement. Solar utility applications are being received. They are of growing interest in the area. The full quote is provided in the memorandum sent to the Board of Supervisors and the Planning Commission.

Other recommendations help with the evaluation of the applications or to update some of the maps. A general land use map is included in the information. It was recommended to add Brownfield to the land use map. Brownfields are common areas where people like to put solar because they're contaminated and may not be useful for other industries.

Staff suggested to add language to add County-owned, capped landfills.

Another recommendation was making maps or adding the power distribution system to the maps.

There was discussion of mapping and proximity to other facilities, towns, etc. Mr. Coffey stated that they could help with mapping if the County didn't have the resources, as well as PDC could help.

Ms. Nelson stated that the Zoning Ordinance currently has 22 Articles. She stated that they recommend adding in Article XII. Site Plan Requirements, 7. Utility-scale solar facilities so that it falls in with the other requirements. They also recommend adding a new article at the end for solar facilities. Further information was provided in the handout.

For solar facilities for the zoning districts, there are five Agricultural, two Residential, and two (2) Industrial. It was recommended that the County restrict utility-scale solar to the Agricultural land and indicate a preference for Brownfields or location near an Industrial facility. In the proposed Section XVI. Article XXIII. address small or medium scale solar.

It was suggested to amend I-1 to add CUP.

They continued to review the Ordinances. Applications and procedures were discussed. It was discussed that with the Use Permit, it could be specified that the County be informed and maintain copies of the PPA.

Other recommendations included having neighborhood meetings, because it was a good practice...

It was also recommended to start to consider a maximum size of 1200 acres. The permit by DEQ goes up to 100 MW.

It discussed that the proximity should not be less than two (2) miles. There was discussion of 65% land coverage. There was discussion of 3,000 acres.

Other recommendations included making setbacks 150 ft or 200 ft for property line with dwelling. There wasn't enough time to discuss decommission. Information was in packet.

Comments or questions are to be give staff and staff would get email by the end of week to Mr. Coffey. If no email received, will assume there are no changes.

A copy of the PowerPoint presentation was provided.

ADMINISTRATION

January 24, 2019

NATIONAL COLORECTAL CANCER AWARENESS MONTH: MARCH On behalf of the Old Dominion Society of Nurses and Associates, Inc., we urge your support in proclaiming March as Colorectal Cancer Awareness Month in Sussex County, Va.

As you may know, colorectal cancer is one of only a few cancers that can be prevented because colorectal cancer screening allows doctors to find and remove hidden growths (called "polyps") before they become cancer. Removing polyps can prevent cancer altogether. Yet colorectal cancer remains the third-leading cause of cancer death in both men and women in the United States. Each year, tens of thousands of lives are lost to this disease.

Despite these staggering statistics, colorectal cancer is one of the most preventable, treatable, and beatable forms of cancer, especially

when it is caught early. Wider use of proven screening tests could save more than half of these lives.

The month of March has been declared National Colon Cancer Awareness Month; Passed by the senate and made law November 19, 2000

During March, we ask your help to our county of Virginia fight this disease by proclaiming March as Colorectal Cancer Awareness Month and encouraging your residents to help reduce the number of lives lost to colorectal cancer. Simply aging can make you more at risk for developing colon cancer, and early stage colon cancer doesn't usually cause symptoms. But there are steps you can take to reduce your risk for the disease.

- Once you turn 50 it is important that you talk to your doctor about getting screened regularly for colon cancer. Talk to your doctor sooner if you have a family history of the disease or other condition that puts you at increased risk.
- Take the time to learn the facts about colorectal cancer. Visit www.sgna.org or www. NCCRT.org for information and links to resources.
- Talk to your friends and family about the importance of getting screened for colorectal cancer starting at age 50 and other ways to reduce the risk of the disease, such as not smoking, maintaining a healthy weight, exercising, eating less red meat, and consuming alcohol in moderation or not at all. You can help save lives.

Thank you for considering this lifesaving request and look forward to hearing from you.

Respectfully Yours Lisa Brown, ACNA, AGTS, CFER, CER Gcgirl1971@gmail.com

Executive Summary

The applicant, First Solar LLC (for Waverly Solar LLC), is requesting issuance of a Conditional Use Permit to construct and operate a 118 megawatt (MW) solar energy facility on approximately 2,000 +/-acres. The affected properties are zoned A-1, General Agricultural. Pursuant to Section 16-22 (17.2) of the Zoning Ordinance, private utility generation facilities and their associated accessory uses are allowed with a conditional use permit. The proposed facility will interconnect with a new Dominion Virginia substation located near the Town of Waverly.

First Solar LLC conducted a public meeting at the Empowerment Temple Church (Waverly, VA) on August 6, 2018 to discuss the project with interested citizens. Approximately 30 residents attended the meeting (including neighbors whose property adjoins the project) and representatives from the Town of Waverly and Sussex County. A workshop with the Planning Commission was conducted on October 1, 2018.

After receiving local zoning approval for the proposed facility, the applicant will have to receive permits from several state and federal regulatory agencies prior to construction of the solar generation facility (VDEQ, VDOT and USACE). Thus, concerns with environmental (wetlands, endangered species, water quality, etc) and traffic are entrusted to those agencies trained and equipped to analyze and enforce standards imposed on a project of this nature and scale (2,000 +/-acres).

Attached for the Commission's review is the applicant's detailed application and supporting documentation.

EVALUATION

There are several criteria by which an application for a conditional use permit may be evaluated. The criteria state that a proposed conditional use should be:

- In accordance with adopted plans and policies;
- Compatible with the neighborhood;
- Compatible with existing land uses; and
- Compatible with development by right in the area.

PLANNING COMMISSION'S RECOMMENDATION – APPROVAL

The Planning Commission held a special meeting on February 11, 2019 to consider the request. At the meeting, the Commission voted unanimously (9-0) to forward Conditional Use Permit Application #2019-01 along with the attached conditions to the Board of Supervisors with a recommendation that it be approved.

Cecil Stainback Sussex County Animal Control 14493 Robinson Rd. Stony Creek, VA 23882

Dear Mr. Stainback:

Dinwiddie County is grateful for the relationship between Dinwiddie Animal Control and Sussex Animal Control. Ensuring the safety and welfare of citizens and animals often requires manpower and resources that extend beyond the borders of our localities.

We appreciate your on-going support and willingness to assist. This was particularly evident in November 2017 when Sussex Animal Control provided assistance to Dinwiddie County Animal Control with an animal abuse case that garnered national attention. The teamwork and professionalism with which this case was handled resulted in a successful prosecution.

The Dinwiddie County Board of Supervisors would like to formally recognize Sussex Animal Control for their service, at 3:00 p.m. on Tuesday, March 19, 2019. Board meetings are held in the Board Room of the Dinwiddie County Government Center, located at: 14010 Boydton Plank Rd., Dinwiddie, 23841.

We look forward to seeing you next week.

Sincerely,

Dinwiddie County Animal Control
