6. Budget Work Session – Fiscal Year 2018 Budget

Interim County Administrator Jones stated that the purpose of this first budget work session was to discuss the school's budget and health insurance for county personnel. The school has a timeframe in which they had to provide contracts for teachers and staff. There was a deadline staff had for a submittal of the health insurance decision to Anthem to order information/material packages to be received for disbursement to employees for Open Enrollment (May 1 - 15, 2017) as well.

Interim County Administrator Jones stated that the local appropriation requested by the school for Fiscal Year 2018 is \$7,994,170. This local appropriation is level funding with the current budget. The school has requested level funding basing their budget on a projected daily enrollment of 1,020 students.

Dr. Arthur B. Jarrett, Superintendent of the public schools, and Mr. John Broderick, Director of Finance of Operations for the public schools, were present to answer any questions.

^{2 |} Page – Minutes of the April 6, 2017 Budget Work Session Board of Supervisors Meeting

Dr. Jarrett stated that the overall proposed budget for Fiscal Year 17/18 is \$18,969,301.00 of which level funding is requested in the amount \$7,994,170.00, Dr. Jarrett noted that when requesting level funding there are expenses that may arise wherein the schools have to absorb the costs.

There were discussions of the Pre-K program funding—Virginia Preschool Initiative Plus (VPI+) funding and 10-10-10 funding. (The school is currently serving 27 students; however, some students are on a waiting list.)

There was discussion of the need for school buses and cameras for the stop arms on buses. (Currently, there are thirty-two (32) buses and thirteen (13) cars.) There was also discussion relative to providing analysis of leasing buses versus purchasing them. Interim County Administrator Jones advised that discussions had been started on this analysis.

There was also discussion on electronic textbooks and broadband and advanced classes such as dual enrollment (appx. 65-70 students enrolled). Dr. Jarrett advised that there are costs associated with dual enrollment—fees have to be paid for teachers and the college.

Interim County Administrator Jones stated that during the FY16/17 budget meeting, the Board wanted a recommendation for the next fiscal year, 2017/2018, where the County would not absorb the full cost of health insurance provided to the employees. Interim County Administrator Jones advised that there has been an increase in the health insurance in the amount of \$114,000.00.

Interim County Administrator Jones provided a presentation of a breakdown of the costs associated with the Local Choice Plan Options offered: (1) Key Advantage Expanded, (2) Key Advantage 500, and (3) the High Deductible Health Plan.

He also provided an overview of current costs versus renewal costs for plans costs for single, dual and family coverage. Handouts were provided.

Mr. David Rowe, Sussex County's Health Insurance Consultant, was present to answer any questions.

Local Choice Plan Options 2017-2018 handouts were provided to Board members. A calendar reflecting deadlines for submittal of health insurance decision to Anthem was provided as well.

Renewal – Contribution Strategy 2 is staff's recommendation and is presented in the proposed Fiscal Year 2017/2018 budget. The presented budget level funds the county's contribution to health insurance at the current fiscal year allocation of \$677.00. The current funding in this amount will fully fund the single premium for the 500 and High Deductible plans. Anyone choosing the Key Advantage Expanded plan would be responsible for a payment of \$88 per month at the single level.

There was a suggestion of providing the health insurance instead of providing the two percent (2%) increase that had been mentioned at the previous Board meeting.

^{3 |} Page – Minutes of the April 6, 2017 Budget Work Session Board of Supervisors Meeting

Ms. Carol White, Financial Consultant, advised that the two percent (2%) across the board increase for all staff was not included in the original budget; however, the budget was not balanced. Staff met with Mr. Rowe and obtained the projected increases. From this information, Renewal – Contribution Strategy 2 was developed where the Board would level fund its share of the premium—which is \$677.00 along with a two percent (2%) increase to county employees. This strategy would help to balance the budget because the Commonwealth of Virginia included a two percent (2%) cost of living increase for all constitutional employees and locally employed state employees. If the increase was offered to all employees, the County would be eligible for the reimbursement of \$46,604.00. This increase to the employees would help to offset, in some cases not pay fully, the cost of the health insurance increase for the employees and the reimbursement to the county would help offset the two percent (2%) increase provided to the employees. Ms. White noted that the increase had to be offered to all the county employees; otherwise, the county would not be eligible for the \$46,604.00 reimbursement.

There was discussion of selecting a different company to provide health insurance. Mr. Rowe stated that he would not recommend the County leaving the current health insurance program due the size of the county.

There was discussion of the establishment of an incentive plan to encourage employees to use alternative insurance and not utilize County health insurance. Such incentive could be to provide the employee a portion of the cost to fund health insurance as an incentive and let the employee provide their own health insurance in the marketplace. This alternative was not recommended.

There was also discussion of the option of the County absorbing full cost of health insurance through use of funding recently received that was not included in the budget.

ON MOTION OF SUPERVISOR BLOWE, seconded by SUPERVISOR FUTRELL and carried: RESOLVED that the Sussex County Board of Supervisors hereby approves staff recommendation of Renewal – Contribution Strategy 2 wherein the county provides level funding in the amount of \$677.00 per employee for new health insurance costs. 4. Public Hearing

4.01 Resolution Authorizing the Preparation and Filing of an Application for Community Improvement Grant Funds through the Virginia Small Cities Community Development Block Grant Program for the Pocahontas Neighborhood in the Town of Wakefield

Interim County Administrator Jones advised that the purpose of the public hearing was solicit public input on the proposed Community Development Block Grant (CDBG) application of the County of Sussex to be submitted to the Virginia Department of Housing and Community Development on March 29, 2017, under their Community Improvement

Grant (CIG) category. He advised that Mr. Dodson with Community Planning Partners was present and would provide an overview of the Community Development Block Grant application for the Pocahontas Neighborhood in the Town of Wakefield.

Mr. Dodson stated that the County of Sussex has identified the revitalization of the Pocahontas Neighborhood in the Town of Wakefield as its top priority based on the 2013 County-wide Housing Conditions Assessment that delineated the extent of the deteriorated and dilapidated housing conditions in the area. The targeted area of Pocahontas Neighborhood Improvement Project is centered around Town side of the neighborhood on the western boundary of the Town of Wakefield. It includes King, Twilight, Higgins, and Knight Streets.

The target area contains nineteen (19) residential units. The size of the units range from singlestory 1920s and 1930s shotgun homes to more traditional two-story frame homes. Most of the home were constructed in the mid-1970s along King and Twilight Streets. Older homes line Higgins and Knight Street with the occasional mobile home mixed into these two streets. No homes were determined to be contributing to any historic district thus a Programmatic Agreement with the Virginia Department of Historic Resources was not deemed necessary.

Three (3) residential properties in the project area have been deemed substantially damaged or destroyed and several structures already have been removed for public safety. Two (2) homes will be reconstructed on their lots for the owners. We do not anticipate any permanent relocation at this time. The project area will include the demolition and clearance of three (3) mobile homes.

The County has both surveyed over 44 properties in the neighborhood using a door-to-door survey. The County solicited pre-grant interest surveys of the structures and identified the following units in need of rehabilitation:

- Fourteen (14) low-to-moderate income (LMI) owner-occupied units (31 persons total).
- Five (5) low-to-moderate income (LMI) rental occupied units (9 person total)

In total, pre-applications for rehabilitation assistance have been received for nineteen (19) properties totaling an estimated forty (40) LMI persons. Two (2) owner-occupied homes will be reconstructed at their cost estimates exceeded the housing rehabilitation limits. **Priority for rehabilitation assistance will be placed on those units currently owner-occupied by LMI residents.** The Rehabilitation Specialist has completed the inspections of properties. Any additional interested and eligible residents of the target area will be considered for rehabilitation assistance subject to budgetary allowances.

Forty-four (44) housing units within the project area were inspected by Dennis LeBlanc, a certified Rehab Specialist, to determine the feasibility and preliminary cost of rehabilitation. These units included both occupied and vacant residential units with owners or investor-owners that had expressed interest in receiving rehabilitation assistance.

The Rehabilitation Specialist also identified and inspected three (3) vacant units in the neighborhood. The project budget is set to include the demolition of all three homes using

^{4 |} Page – Minutes of the March 16, 2017 Board of Supervisors Meeting

CDBG funds. No acquisition or demolition activities will take place without the express, voluntary consent of both existing residents and property owners.

The County applied for and received a CDBG Planning Grant from the Virginia Department of Housing and Community Development (VDHCD) in FY 2015 to undertake a neighborhood revitalization study to identify needs, develop a proposed improvement program and budget, identify additional funding resources to implement said program, and submit a 2017 CDBG Community Improvement Grant application.

Summit Engineering consulted with the Public Works Department and existing residents, resulting in the Preliminary Engineering Report (PER) to address these deficiencies.

The PER identifies the following items to be addressed:

- 1) Construction of a new connector road between Twilight and King Street
- 2) Replacement of 1500 LF of water lines on Higgins Street and the connections to all home
- 3) Installation of 450 LF of sidewalk
- 4) Sanitary Line Tests, Cleanout and Camera along Knight. Twilight and King Street
- 5) Culvert reconstruction and replacement on Higgins Street
- 6) Replacement of two (2) street lights and the installation of six (6) new street lights
- 7) Culvert and ditch cleanout
- 8) Patch pavement in the areas of pipe and curb repair areas

The total cost of the repairs according the PER is estimated to be \$355,378.

Sussex County is eligible for and wishes to submit a 2017 CDBG Community Improvement Grant application for the Pocahontas Neighborhood Improvement Project for a total of \$1,199,953 to VDHCD by March 29, 2017. The County of Sussex has or will secure commitments of private and public investments of: 1) \$13,000 in improvements to the sanitary sewer and fire hydrants in the neighborhood by the Sussex Service Authority; 2) \$13,000 in new or replacement street lights for the neighborhood; 3) \$21,900 from VDOT for culvert cleanouts; 4) \$9,500 in waived permit fees and other inspections by the County for a total non-CDBG investment of \$57,400. The total project cost is estimated to be \$1,256,553.

Mr. Dodson explained that this was a volunteer program. The homeowners does not have to participate if they do not wish to do so. The Deed of Trust was put into place by the State approximately ten (10 years ago) mainly to protect localities. (The programs were for rehabilitation of homes for better standards of living and not to be used as a profit for homeowners.) The program is based on income and expenses. Even though the program is a grant, a deed of trust is still recorded; it's just forgivable each month 1/120 per ten (10) years until it goes down to zero.

Public Comments were heard from Anne Joyner (Wakefield District) regarding citizens in Pocahontas deeds and citizens with no family members to convey property to if something happens to participants.

Comments were heard from the following Board members:

- Supervisor Blowe (Stony Creek District) Concern with difference in repayment for rental properties (repairing landlord homes) and actual owner occupied homes.
- Supervisor Futrell (Waverly District) Priority with helping homeowners versus landlords; concern with deed of trust; homeowner participation with rehab.
- Supervisor Seward (Blackwater District) Selection of contractors; will bids be solicited; concerns with helping landlords versus owner occupied homes (priority).
- Supervisor Tyler (Henry District) Inquiry regarding start-up activities; local match; budget cuts for State funding.

A copy of the Resolution for the Board's approval, a Summary of Activities, a copy of the Proposed Budget, and a copy of the Notice of Public Hearing was included in the Board packet. Copies of the Summary of Activities were also available for citizens at the Public Hearing.

7.02 Budget and CIP Presentation

Interim County Administrator Jones presented and reviewed the County of Sussex Proposed Fiscal Year 2018 budget and Capital Improvement Plan.

Interim County Administrator Jones stated that Administration's goal is to present the Board with a balanced General Fund budget for FY18 that included no increase in tax levy, to maintain an unassigned Fund Balance of 12% and to follow basic budgeting principle of recurring expenses that are paid with recurring revenues.

Various departments submitted budgets to the Finance Department. Budget requests were discussed with the various departments. Staff worked with Ms. Deste Cox, Deputy Treasurer, Mr. Onnie Woodruff, Treasurer, and Mrs. Ellen Boon, Commissioner of the Revenue, to provide revenue projections and to develop working document—the Proposed FY2018 Budget and Capital Improvement Program.

Interim County Administrator Jones stated that the total proposed budget for FY18 is \$34,847,453.00. The current adopted budget is \$34,712,259.00. The proposed budget for FY18 is an increase of \$170,194 which is approximately an increase .49%--a little less than 1/2% of 1%--increase of the current FY17 budget. The proposed budget includes some

notable items such as a two percent (2%) cost of living adjustment for all County employees. The State has offered to the Comp Board employees a two percent (2%) increase, as well as, State supported agencies, such as Social Service Department. This means that the County will receive compensation from the State Comp Board for these departments. The two percent (2%) adjustment is also important because the County has received a thirteen percent (13%) increase in health insurance increase for the upcoming fiscal year which equates to \$114,000.00. This budget recommends that the County continues to pay what is currently paying. There more detail and discussion later into the budget.

The General Fund accounts for \$21,912,222 of the budget which is state/federal revenues, local revenues and other sources. This is a change of \$236,664.00. The biggest portion of the general fund is education which includes funding for the public school system. John Tyler Community College, Richard Bland Community College, Virginia State University and Virginia Southside Education Center.

It has been requested that debt services are noted and clarified in the Budget Work Session.

Interim County Administrator Jones stated that the following goals have been met for the proposed budget for FY18: (1) providing a balanced General Fund; (2) no increase in tax levy—there are no changes; and, (3) the twelve percent (12%) unassigned Fund balance has been met. The Capital Improvement Plans requests were sent to all departments. The CIP totals \$485,175.00. It includes vehicles (12), buses, voting machines, maintenance on water towers, funding for carpet for Courthouse, improvements for animal shelter for State requirements.

A Budget Work Session has been scheduled for April 6, 2017 at 6:00 p.m. Interim County Administrator Jones is requesting that this Budget Work Session be scheduled for the personnel—health insurance and the schools. The schools have deadlines regarding teacher contracts. Future Work Sessions have been scheduled; however, agendas, times and locations would be scheduled as needed.

There will be a Public Hearing for proposed budget at the Board's regular meeting on April 20, 2017.

SUSSEX COUNTY ADMINISTRATION

Dear Mr. Jones,

The Sussex County Board of Supervisors voted by resolution in January of 2008 to appropriate \$50,000 to the Town of Wakefield for recreation in the form of playground equipment in the Town limits of Wakefield. The funds have not been spent and are being held in a separate account.

The Town is budgeting to make upgrades at its recreational facility, located at 10231 General Mahone Highway, Wakefield, Virginia. Plans are to renovate the concession stand and bathrooms on the front ballfield and possibly add a pavilion to be used for family reunions and other similar events.

The Town is requesting an endorsement from the Board of Supervisors to use the \$50,000 for playground equipment and fencing at the Town's recreational facility. The wooden playground equipment that is presently at the facility will be dismantled and discarded. The Town would provide lighting for the playground area.

I will be glad to provide any other information that you may need. We would appreciate hearing from you as soon as possible so that we can move forward.

SUBJECT: March 2017 MONTHLY REPORT

Enclosed is the March 2017 monthly report.

Radio System (New): The weekly conference calls are continuing with the radio vendor (Harris) about the project. We are continuing to install as much of the hardware for the radio system as possible. Three (3) transmitting sites are on line but, not operational yet on the East side. We are still waiting for the environmental study's to be completed (estimated date of completion is June 15, 2017). The concrete slab is poured for the communication shelter and emergency generator and, the communication shelter is expected to be delivered on April 12, 2017. The needed road improvements are being constructed this week and completed by next Tuesday ahead of the shelter delivery. The improvements are needed to support the heavy trucks, tower steel and cement needed for the tower foundation. This tower location is a very wet place on a dry day and must be improved to install the new tower.

With some recent changes within our project (management changes) we have an estimated cutover date of late July or August 2017 for the new radio system. This project will move very quickly once the new communication tower is completed. Radio installs in the patrol cars, ambulances and fire engines will begin within the next 45 days. The plan is to complete all possible work we can while waiting for the environmental study's to be completed. Our hopes is to have the user training, installs of the new equipment in the vehicles, shelter equipment completed and complete all job task whenever possible before the tower construction. Once the tower is erected, the communication equipment will be installed and system turned on for tuning, training and testing.

Radio System (OLD): Our radio vendor has been able to continue to keep our current radio system up but, I want to caution you that this system has reached its last phase of usefulness. The parts (cards) that we once could send back for repairs can no longer be repaired. Any failure in the future will result in a loss of part of the system or worse, all of the system. I ask that we continue to move quickly without delay on installing the new system. We have gone way beyond the life expectancy of the current system. A failure will result in catastrophic consequences without any quick fix.

Demolition of Old Animal Shelter: The old Animal Shelter is slated to be demo in April. All of the needed paperwork has been completed.

<u>Animal Services Monthly Report:</u> Attached is the March 2017 Monthly Report. As you can see, we are attempting to adopt, rescue and return as many animals as possible.

Housing Homeless Veterans in Sussex County

Staff continues to provide information and bring awareness to an opportunity that may provide assistance to Veterans who are homeless or at-risk of becoming homeless.

Program participants have said after serving their country they really appreciate the opportunity to be able to have a home in the community in which they are familiar, and "their choice" to utilize the services in Sussex County.

HUD-Veterans Affairs Supportive Housing (HUD-VASH) program combines Housing Choice Voucher (HCV) rental assistance for homeless Veterans with case management and clinical services provided by the Department of Veterans Affairs (VA). VA provides these services for participating Veterans at VA medical centers (VAMCs) and community-based outreach clinics.

Every year since 2008, HUD and VA have awarded HUD-VASH vouchers based on geographic need and public housing agency (PHA) administrative performance. The allocation process for HUD-VASH vouchers is a collaborative approach that relies on three sets of data: HUD's point-in-time data submitted by Continuums of Care (CoCs), VAMC data on the number of contacts with homeless Veterans, and performance data from PHAs and VAMCs.

After determining which areas of the country have the highest number of homeless Veterans, the VA Central Office identifies VA facilities in the corresponding communities. HUD then selects PHAs near to the identified VA facilities, taking into consideration the PHAs' administrative performance, and sends the PHAs invitations to apply for the vouchers. There is at least one site in each of the 50 states, in the District of Columbia, Puerto Rico and Guam.

Overview

This monthly report provides an opportunity to express thanks for the current and future accomplishments, activities, benefits, and revenues furthered by the sincere and untiring efforts of Sussex County Department of Housing Programs.

As always, the report includes a summary of the programs, and outcomes, administered by the Housing Department and supervised by Mrs. Brenda Drew, Director and Housing Coordinator since 1993. The current staff consists of one full time employee, one part-time employee and two volunteers. The Department has successfully assisted LMI residents of Sussex County with various housing needs and community development projects for many years.

Thank you for your continued cooperation and support.

HUD has awarded funding for approximately 10,000 HUD-VASH vouchers each year in 2008-2010 and 2012-2015. Congress appropriated \$50 million in 2011 to serve approximately 7,000 voucher families and \$60 million in 2016 to serve approximately 8,000 families. In addition, HUD has held three competitions, in 2010, 2014, and 2015, to competitively award a total of over 2,600 project-based HUD-VASH vouchers. Since 2008, a total of over 85,000 vouchers have been awarded.

APRIL IS FAIR HOUSING MONTH!

Sussex Housing Department joins HUD and many others housing organizations to increase awareness of the Fair Housing Act of 1968. On Monday, April 10th Sussex staff and volunteers will commemorate Fair Housing Month by attending a workshop on "Red Hot Fair Housing Topics".

"A core belief of our values as Americans is the idea that every person deserves a fair chance to secure safe and stable housing," said HUD Secretary Julián Castro. "Your race, how you get around, the size of your family, whether you come from another country, if you are a man or a woman, or whatever your religious beliefs are should never hinder your housing goals. I am proud of the work our fair housing staff does every day in conjunction with our state and local partners to ensure that everyone's fair housing rights are honored."

Through an array of enforcement activities, fair housing policy initiatives, and education and outreach efforts, HUD's Office of Fair Housing and Equal Opportunity continues to take action against individuals and housing providers that discriminate. Last year, HUD and its Fair Housing Assistance Program partner agencies received 8,293 complaints alleging discrimination based on one or more of the Fair Housing Act's seven protected classes: race, color, national origin, religion, sex, familial status, and disability. During that period, the categories with the highest number of complaints were disability and race, respectively. HUD also focused on lending discrimination, as well as various forms of discrimination faced by women, families with children, and LGBT persons.

"Nearly 50 years after it was passed, the Fair Housing Act remains a powerful tool to ensure housing providers give every person an equal chance to find the home that is right for them, without prejudice or discrimination," said Gustavo Velasquez, HUD Assistant Secretary for Fair Housing and Equal Opportunity. "As we move to implement the Affirmatively Furthering Fair Housing rule in partnership with local jurisdictions, we are pleased to be entering the next level of fair housing where every family, regardless of zip code, has access to the resources and opportunities they need to get ahead.
